DAY 3

GALLERIA VITTORIO EMANUELE II

We will stroll around the four-story covered double arcade of shops in the Galleria Vittorio Emanuele II; it was originally designed in 1861 and built by Giuseppe Mengoni between 1865 and 1877. The Galleria connects two of Milan's most famous landmarks, the Duomo and the Teatro Alla Scala.

The team will meet and compete against athletes of similar ages and skill levels, and have the opportunity to make friends for life. Often you can also visit the changing rooms. We conclude in the stadium museum, a place full of football paraphernalia with trophies, cups, shirts and more.

Visit Casa Milan and the new headquarters of AC Milan. The contemporary new building, unveiled for the 2014-15 season, is complete with a museum, store and the Cucina Milanello restaurant. Browse AC Milan history in the museum, shop for more souvenirs and then, if option selected, visit the restaurant for a light lunch.

Verona is the typical Italian city full of beautiful squares, cobbled streets and historic monuments. Roman ruins, medieval vestiges, Venetian and Austrian traces can be seen all across the city, as well as antique palaces, squares, bridges and wonderful churches. Elegant cafés and ancient osterie (typical inns of the Veneto territory), craftsman shops and high couture shops enliven city life all year long.

Today we will travel to Venice.

Venice is one of the few cities in the world that can truly be described as unique. It was known as the gateway to the Orient, and during the Middle Ages became one of the most powerful city-states in the Mediterranean. Built on a series of islands connected by bridges and canals, Venice has survived all odds to become the intriguing and iconic city it is today.

THE GRAND CANAL BY VAPORETTO

The vaporetto is Venice's version of public transport, as no cars are allowed in this city on the water. While in Venice, we will each have a vaporetto pass for transportation and sightseeing. We will begin our day with a vaporetto ride along Venice's magnificent Grand Canal, where we will view historic bridges, churches and palaces en route to St. Mark's Square.

ST. MARK'S SQUARE

Our guide will lead us through Piazza San Marco, which is the largest square in the city and has been the location of important government buildings for centuries. We will view and learn about the Doge's Palace, the Bell Tower and the elaborate St. Mark's Basilica, a beautiful church that mixes western and eastern architectural styles.

ST. MARK'S BASILICA

Visit St. Mark's Basilica, featuring interior walls encrusted with spectacular gold mosaics. Our visit will also include an ascent to the Galleries to see the original bronze horses that once adorned the facade, as well as a stunning view of St. Mark's Square.

We will have some free time for shopping and exploration in Venice.

This evening we will enjoy dinner in the hotel restaurant.

Today we will travel to nearby Sirmione.

Today we will travel to the base of Lake Garda to explore the town of Sirmione. Perched on a promontory swathed in cypress and olive groves on the southernmost edge of Lake Garda, photogenic Sirmione has been a popular spot since the Romans first discovered hot springs there. This historic little town is filled with Italian charm and features lakeside promenades and pleasant beaches.

ROCCA SCALIGERO

We will visit the moated, fortified Rocca Scaligero, which was built on the peninsula's narrowest point and today dominates the centro storico. Built in the late 13th century by the Della Scala family, who ruled Verona and many of the lands surrounding the lake, the castle begs a visit for its sweeping courtyards, turreted defense towers, dungeons, and views across Lake Garda from the battlements.

DAY 7

We will enjoy free time to explore in shop in Sirmione at our leisure. Those that choose can take the 15-minute walk or the open-air tram, along Via Vittorio Emanuele from the town center to the tip of Sirmione's peninsula and explore the Grotte di Catullo (admission not included). These romantically placed ruins offer views across the lake among the cypress and olive trees. Built around AD 150, the remains are thought to represent two sizeable villas owned by aristocratic Roman families.

FRIENDLY MATCH

We will play a Friendly Match against a local club, academy or school team. The team will meet and compete against athletes of similar ages and skill levels, and have the opportunity to make friends for life. (The teams you will play will be selected after time of booking and will be based on the specific skill level and requirements of your team.
