Training Session

The Golden Circle Start with the Geysir geothermal area where the Strokkur geyser shoots a column of water up to 30 metres (98 ft.) into the air every 4-8 minutes. Continue with Gullfoss (Golden Falls) waterfall, created by the river Hvítá, which tumbles and plunges into a crevice some 32 m (105 ft.) deep. The Golden Circle tour also includes the historical and geological wonder that is Thingvellir National Park, where the American and Eurasian tectonic plates are pulling apart at a rate of a few centimeters per year. Additionally, the tour includes a visit to the idyllic Friðheimar greenhouse cultivation center, where you can learn about the magic behind growing delicious, pesticide-free tomatoes and cucumbers with the aid of the geothermal heat that Iceland has in abundance.
